Next Steps

After successful submission of the enrollment application and supplemental forms, the following steps will occur:

Review of student academic history: The Dean of Students will contact the student's current school counselor to review their academic history, attendance records, academic promise, motivation, character, leadership and school participation.

Admission determination: Students and parents/guardians will be notified of admissions determination by email or phone.

Finalize schedule: Student schedules are created based on transcripts, math/writing scores, and input from the student and their family.
